4. Categories of Special Educational Needs catered for in the school/special class

Cahermore National School welcomes applications for enrolment of pupils with special needs. However, the school is conscious that, without suitable resources, we may not be able to provide an appropriate education/environment for all pupils, including those with special needs. Therefore, we will endeavour to have suitable provisions in place when a student enters the school and throughout her attendance at the school. Each application is dealt with on its' own merits. To help the school ensure that this is achieved it will be essential that parents:

- (a) Inform the school that special provisions may be required. This will allow the school to begin what, at times, can be a lengthy process in negotiating with the Department of Education and Skills and the National Council for Special Education to secure the necessary resources.
- (b) Provide up-to-date psychological/medical reports, as appropriate. This is essential in order to support requests for resources and to enable a decision to be made.

The Board of Management will provide children with special educational needs with additional educational and/or care support in accordance with the level of resources provided by the Department of Education and Skills and the National Council for Special Education and the guidelines in relation to the deployment of these resources.
